I January, 1875, the Legislature again met (after a short extra session in December, 1874,) and then the triends of economy and reform were hopeful of some legislation that would give relief to the people and give to the party a record that could be defended before the country.

THE TAXES were too high, especially as the property was in the main unproductive, and relief was asked for by the whole people: A few of us were in earnest in our entreaties for good and honest State Government, so much so that on the 10th of February last, I wrote an open letter to the Hon. A. Warner, a prominent Republican and State Senator, which was published, and in which I gave him what I regarded as the daty of the party in the Legislature. The lower house indorsed my letter by resolution, and promisliberal and honest policy; pointed out the danger of defeat if we pursued the course of other Southern States, and predicted the re-
